Good Morning, Mr. Turner:

Thank you for contacting Governor Cooper's Office. We appreciate you taking the time to voice your concerns regarding the Atlantic Coast Pipeline Project.

Your comments have been documented for record and further consideration. We encourage you to continue checking the Governor's website and social media sites for new updates and statements regarding this issue. Please let us know if you have any other requests, questions or concerns.

Kindest Regards,

The Office of Governor Roy Cooper  
Office of Public Engagement

Message

Mr Cooper, I opposed to the proposed Atlantic Coast Pipeline projected to come through eastern North Carolina. As a native North Carolinian, I feel that a potential leak in this pipeline could be catastrophic for our waterways or underground water table. I feel that the progress of renewable energy sources and the potential jobs those would create would be far more sustainable and create longer lasting industry related jobs, versus a pipeline that would create short term jobs for its construction, and leave us with a potential environmental hazard.

I want you to know, I voted specifically for you in the last election, as I was very tired of the old rhetoric and

policy making of the previous Governor. I voted for progress and change in the right direction. I urge you to please reconsider this project and invest in renewable energy that would benefit us and the future generation of North Carolinian's.

Sincerely,  
Tony Turner
